Federally-Enforceable Title V and Phase II Acid Rain Draft Permits

No. V-97-009 (Revision I)

KENTUCKY POWER COMPANY (AEP) BIG SANDY PLANT

LOUISA, KY

February 26, 2002

HERBERT CAMPBELL-PERMIT ENGINEER

Source Description:

Kentucky Power Co. (AEP) has applied to the Kentucky Division for Air Quality for a revision on the Title IV-Phase II acid rain permit for its Big Sandy Plant located near Louisa in Lawrence County, Kentucky. The plant has submitted all relevant information and will be permitted with a modification to the NO<sub>x</sub> averaging on the acid rain permit (A-98-002) which is subsumed into the Title V permit (V-97-009 (Revision I)).

.

1. Comments

This paragraph indicates that the revised Phase II NO<sub>x</sub> Averaging Plan received on December 21, 2001. 40 CFR 76.11 (b)(1) requires a multi-region NO<sub>x</sub> Averaging Plan, such as Kentucky Power's, be submitted prior to January 1 of the calendar year for which the averaging plan is to become effective. Kentucky Power submitted the revised NO<sub>x</sub> Averaging Plan under a cover letter dated December 21, 2001.
